

Able, Gifted & Talented - Primary (Year 5) Maths Enrichment Day

MATHS

Yesterday we welcomed 36 Year 5 students from Raglan School, Bush Hill Park Primary School and Hazelbury Primary School to take part in a Primary Maths enrichment day at Edmonton County School, Cambridge campus.

The day was split into two sessions and students had the opportunity to take part in various exciting and challenging activities which were led by the following nine AG&T Year 8 students who did an excellent job of leading these sessions and representing the school.

JONES Adam
BROWN Romina
MIAH Nasima
COSKUN Ahmet
DEPOOTER Isabelle
ELJAAFARI Adam
ADAM, Stefan
BEQIRI, Daniella
MOHAMED, Amal

The objectives of the sessions were to:

Session 1: Introduction to Algebra

Students substituted into equations and formulae to help solve real life problems

Session 2: Problem Solving Skills.

Problem-solving and creating tetrahexaflexagons

Both sessions aimed to stretch students to National Curriculum level 5 and 6 and students had the opportunity to work in groups and meet other G&T students from different Primary schools.

The Primary school teachers and TA's accompanying the primary students commented positively on how impressed they were with our students.

I would like to take this opportunity to thank Year 8 AG&T students for their commitment, energy and support.

I also thank Carmen Thomson and Pinar Tilkidag for their help.

Mr N Deniz

AG&T Coordinator
