

Year 10 & 11 GCSE Period 6 Timetables

Since the start of this academic year we have been offering selected students the opportunity to attend an extra hour of revision and private study. For selected students this session is compulsory and we encourage all students to go prepared with resources and work to do. In addition to the invitation to students to attend, we have welcomed any other students who would also like to dedicate an hour of their time with the supervision of a teacher who can also provide them with any support.

Below are both timetables and we encourage all Year 11s to attend in the run up to their GCSE exams that start on May 16th, 2017

Year 10s attendance will be monitored and we hope to see you all there.

Thank you.

Ms I Alibhai - Head of Upper Phase
