

## Saatchi Gallery Trip Our Art Was On Display! (Year 8-10 Art Gifted & Talented)

The Jack Petchey Start Programme, supported by Children & the Arts, is part of the Saatchi Gallery's education programme. ECS has made Art, alongside a contemporary artist for the past 3 years. This year the students saw two contemporary art shows, 'Painters' Painters' and the current 'Selfie to Self-Expression' and made work with Maru Rojas (artist). Our student's work was on display at the top of the gallery for a whole week (20 – 27 June) which was viewed by our students on Wednesday 21st June and by the public. The work was based on the theme of 'Inclusion'. The students looked at places that they visited in London and their local area. The work demonstrates how they feel included or 'at home' in the places that they visit often, or are comfortable with. Thank you to Rozenn Logan (Head of Education) and Maru Rojas (artist) for your work with our students. Thank you to Miss J Eden and Ms J Shilvock for your support with this project.
