

Turkish Students Visit to Turkish Culture and Tourism Centre

On the 27th June 2017, YR10 Turkish language Students from Edmonton County visited the Turkish Culture centre and a well-known Turkish restaurant in Mayfair.

The objective of the trip was to learn more about Turkey and Turkish culture.

When we arrived at the Turkish Culture and Tourism office, we were greeted by Mr Ali Can Selcuk, the ambassador at the Turkish tourism centre. After Mr Selcuk introduced himself he described his duties at the office and explained the aim of the organization and their various activities in London.

During the visit the students were asked to watch a documentary about Turkey which lasted about 20 minutes. The students were then invited to ask questions relating to the documentary or the activities of the office.

At the end of the visit the students had another opportunity to ask additional questions and were each given a small gift as a memento of the visit to the office.

After visiting the Turkish Cultural and Tourism Centre, we had lunch at a Turkish restaurant called Sofra in Mayfair. We were served in a private part of the restaurant. The restaurant's owner Mr Ozer also joined the students for lunch and shared his own career experiences.

Feedback from the Year 10 students was very positive. All of the students felt that the visit had been very worthwhile and inspirational.

I would like to give a special thank you to Mr Deniz who accompanied me on the trip.

Mrs G Osman

Turkish Teacher - MFL Faculty
