

Celebrating **SUCCESS** at Edmonton County School

CELEBRATING SUCCESS IN THE PHYSICAL EDUCATION FACULTY

P.E.2

Rowing

A large number of year 7,8,9 students attended the annual Enfield rowing competition. As always it was a fiercely contested competition with students from all over the borough competing for a spot at the London Youth games. As always Edmonton had a strong team with outstanding performances from **Mohamed** in year 7 and **Kyara** also in year 7. Well done to **Thomas** in Year 8 who finished top and will be representing Enfield at the London youth games, we wish you luck.

P.E.2

Athletics

Every Monday we have been taking pupils from **year 7/8/9** up to the **Queen Elizabeth Park on Donkey Lane** to compete in the **Enfield School Super 8 competition**. All pupils involved have to carry out a track and throwing event. Edmonton has seen some fantastic Performances from **Yasmine in the hurdles** and **Jayden and Romeo** in the **100/200**. All students who have represented the school should be massively proud of themselves competing against some of the best athletes in London. Well done to **Mr Woolf** and **Mr Marshall** for their

National Athletics

On Saturday 10th June the school sent a small number of students to compete in the Middlesex Athletics Championships. Yasmin Uwakwe performed brilliantly in the 75m Hurdles, easily winning her heat and then running a solid final to become Middlesex Champion. Jayden Smith, also in Year 9 ran a superb heat in the 200m and again in the final put together another great race in 23.2 seconds. This meant he reached the National Standard for that event and put him a very close second in a race where the Championship record was beaten twice and had stood since 1991. Congratulations should go to both athletes on amazing performances.

Inter House Sport

It was the turn of cricket to take centre stage this month as part of our inter house sports competitions. I will start by congratulating the **sports captains** of each house who did a fantastic job of organising the teams for the competition. Congratulations to **Jupiter** on winning the Transition Phase competition with **Neptune** coming second. Well done to **Jupitar** who also came out as winners in the Middle Phase.

Duke of Edinburgh

At the end of May we had our Duke of Edinburgh candidates carry out their final assessment in the High Weald AONB. The weekend started positively but when the groups encountered some of the "tall hills" and "soggy ground" the motivation seemed to go, none the less all groups equipped themselves with desire and determination to complete the weekend and pass their qualification with ease. Well done to the three groups who had improved so much from the training weekends when they were getting lost trying to find their way to school. The skills learnt from this qualification will have unending success, well done.
