What We've Been Learning Year 2 This Week

In Science, Year 2 have been learning all about how to keep clean, healthy and hygienic. This week we were learning all about germs and how they are spread from one person to another! We discovered that we need to wash our hands after sneezing or coughing to stop the germs from spreading onto other people's hands or other objects such as door handles.

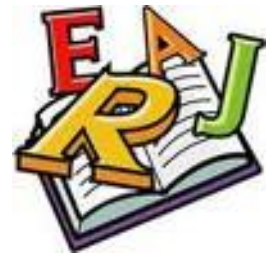

We completed an experiment where we put 'germs' (slimy soap!!) onto our hands and went to see lots of staff and shook their hands. We could see how the germs were spread from one hand to another! Yuck! Year 2 had lots of fun being scientists this week!
